

5. Reading Intermediate High School (Citadel)

We Met as a building Sept 18, 2017

- 1) Teachers are reminded of the importance of reaching out to rep/Building Officer when situations and problems arise. Also. communication needs to be ongoing between veteran teachers and new teachers to foster a community of unity, appreciation and support.
- 2) There will be a "New Teacher Breakfast" at the RIHS for the horde of new RIHS teachers on October 5th at 7:30 in room 2031. Our Local President Rebecca Titus will be in attendance.
- 3) Please make sure you get involved in the upcoming Governor's Election. Your Jobs, Pensions and success depend on it.
- 4) Our prep time seems to be an issue for further investigation. Per contract, prep time needs to be equal to a class period unmolested from duty. Component time is a duty as we are being required to participate in a form of department time. We as a staff need to come together and stand strong together if things are to change.
- 5) Members are reminded that if they sign a grievance they are protected from backlash from administration. Members need to stand up for their rights and the rights of their fellow teachers to ensure we don't lose more of them.
- 6) Members are also reminded that they are required to have a daily lesson plan and two skeletal lesson plans on their desk daily.
- 7) Members should contact building representatives via personal emails on personal computers or devices about building issues so that RSD does not have access to that information.

**Respectfully submitted,
Pete Karpew
RIHS Building Officer**
