

### 3 Grievance Chair

#### September 2017 Monthly Report

As the year starts it is important to understand how our contract works and how it can protect us. We will soon be creating a team to work on things we need changed in our contract. It is important for everyone to be involved so that we can get the best contract possible.

**Prescription Grievance- At this point in time there is nothing new to report. We are still waiting on an arbitrator and a date. PLEASE make sure you save all of your receipts (The ones attached to the medication that list the medication name, patient name, and cost NOT the cash register receipt) The process of arbitration may take several months. I will include updates as to where we are in the process in my monthly reports.**
