

Labor Council Report November 2016

I attended the 11/1/16 Labor Council Exec meeting. There is a lot of concern that Labor Council will be unable to continue as Berks has lost so many of the largest unions that used to be very active and supportive. New funding sources and fundraisers are being explored. One will be a Union Calendar for 2017 featuring pictures of members from our different locals. These will go on sale in December and more details will follow at that time.

November 16, 2016 edition of the BCTV Labor in Berks broadcast will feature guests talking about how the proposed policies the winner of the presidential election (whoever he or she may be) will affect unionism and labor both nationally and locally. In an era of fact-free campaigning many people may be interested in understanding exactly what we should anticipate for the next four years.

December 2, 2016 is the annual Berks Labor Christmas Party. As members of REA you are invited to attend. Unfortunately, that event always conflicts with the PSEA House of Delegates (both are the first Friday of December). If anyone is interested in attending, please call or email me for details.
