Vacant, Alternate	

PSEA Act 48 Online Opportunities

PSEA makes professional development simple, free, and on demand

PSEA is pleased to announce the newest offering through the Professional Learning Exchange:
the PSEA Online Learning Portal.

How it works: PSEA members can access free, high-quality professional development courses on a wide range of topics via computer, smart phone, or tablet, and receive Act 48 and Chapter 14 credits.

PSEA will submit Act 48 credit hours directly to PDE.

Start learning today: Go to www.psea.org/onlinelearning (have your PSEA Members Only login and password handy) to browse course listings, find instructions, and access current course offerings.

The new Online Learning Portal offers PSEA members a great opportunity to earn your Act 48 or Chapter 14 credits - anywhere and anytime that fits their schedules.

PSEA will continue to add new presentations frequently to meet members' professional development needs.

PSEA Key Issue: Teacher Evaluation

Additional Information available at PSEA website under:
Your Profession – Teacher Evaluation

Educational Advisories
