

RHS Officer's Report

September 2016

The school year started with a plethora of schedule changes due to errors on student schedules. This issue will be discussed at SAC.

Hall walking is already a problem. Period 5 and 8 are especially bad.

Please inform me report all poor room conditions to Joe Harak and then let me know that you have done so.

Report any issue you have to the building Reps so that they can be resolved before they become major problems.

Respectfully submitted
