

Middle School Officer's Report

September, 2016

Contract passed, on to the next problem. No air in the middle schools.

Northeast is having theirs worked on, however, probably will not be done before the fall air arrives. We need to push for air conditioning to be put in the other middle schools. More information to follow.

If you have any heat related problems, we are trying to work on them one at a time, however, the portable units don't seem to have much effect in a classroom.

Remember to have a lesson plan every day and two skeleton plans. Don't have a substitute or coverage come in to find no work for the class to do. Have an emergency lesson with worksheets in a safe place in case you are too sick to send something in. Work with your staff so that they can get the work out and on your desk.

Each building now has a full time substitute, that should cut down on coverages, but if you get a coverage keep track, it should be paid in two weeks.

Looking forward to a great year.

Remember to report all problems to your building reps, so that they can forward them to me in a timely fashion, if they can't be handled in your building.

If there is any reason you feel you are uncomfortable talking to your building rep, please feel free to contact me at: wilkinsw@readingsd.org.

Respectfully submitted,

Wally Wilkinson

Middle School Officer
